Andrews Question

I am interested in purchasing a brown morning coat and trousers, along with a gold jaquard silk waistcoat, nutmeg cravat, and doeskin hankie. My wedding is December 12 2009. The reason I would purchase instead of hire, is because I live in Canada - and assume you do not hire to Canada! Please let me know how to proceed, thank you.

Hugh Harris Answer

Hi

We can hire to Canada but by the time we add extra hire periods, delivery charges then you are better to purchase the suit etc...

Basically if you send an official order to steve@hughharris.co.uk detailing your requirements again, along with your postal address and any other info that may be required, such as your sizes that you wear now or better still you get a tailor to try on / measure you. We will then give you an accurate quote including deliver then call you for 50% of the total assuming that is you are happy with the quote.

Before we place the order with our people to make the goods, we will send, in your proposed size, a damaged rental version so that you can check sizes etc. You then advise us of any amendments and then return those try on goods to us. WE will then place the order in these updated sizes etc... Once we get delivery of the goods then we will forward these to you.

Hope this makes sense. What is the time difference by the way?

Cheers

Steve
